## Our Approach to Student Support and School Partnerships:

---

At Smile for All Society, we are committed to ensuring every deserving child receives quality education. Our annual school survey helps identify challenges and ensure transparency. Here's how we handle transitions and uphold accountability:

### Key Challenges We Face

1. **Student Relocation:** Families move due to work, leading to dropouts.
2. **School Non-Cooperation:**
  - Delayed/incomplete data submission.
  - No academic reports or progress updates.
  - Poor infrastructure (toilets, drinking water, etc.).
  - Teachers absent or unengaged.
3. **Action Taken:**
  - **Remove underperforming schools:** We discontinue partnerships to protect students.
  - **Re-enroll safely:** Shift children to nearby **government schools/private schools after inspection.**
  - **Verify government schools:** Ensure basic facilities (toilets, water, teacher attendance) before enrollment.

## Our Step-by-Step Process

### 1. Annual Survey:

- Visit every partnered school to assess progress.
- Collect attendance, report cards, and feedback.

### 2. Identify Issues:

- Non-responsive schools → **Warn → Terminate if unresolved.**
- Relocated students → **Track via local NGOs/field staff.**

### 3. Alternate Solutions:

- Enroll in **govt./private schools** with functional infrastructure.
- Provide uniforms, books, and mid-day meals.

### 4. Transparency:

- Inform parents/schools about decisions.
- Appeal process: 15-day window to resolve grievances.

### 5. Long-Term Impact:

- Prioritize **sustainability**, not temporary fixes.
- Advocate for systemic changes with local authorities.

## Lessons Learned

- **Collaboration is key:** Schools, parents, and communities must work together.
- **Flexibility saves lives:** Adapt to real-world challenges (migration, floods, etc.).
- **Accountability matters:** Regular audits prevent misuse of funds.
- **Every child deserves dignity:** No child is left behind, even if it means shifting schools.

## Our Promise

*We exist to **empower, not enable**. Our goal is **not to punish**, but to **ensure education reaches the most vulnerable**.*
